International Mining Investors' Forum 2011  
September 8-10, 2011, Ulaanbaatar, Mongolia

**ULAANBAATAR, MONGOLIA (August 8, 2011)- Discover Mongolia 2011 IMIF is pleased to announce post conference Mine Site Visits to Oyu Tolgoi copper- gold mine and Ovoot Tolgoi coal mine.**

Currently, booking has started at Prime Info LLC for both mine site visits. "This year's mine site visits are limited to only 50 people due to shortage in chartered flights. We are looking to send 20 delegates to Oyu Tolgoi Mine and 30 delegates to Ovoot Tolgoi Mine" said Enkhjin Purevjav, General Manager of the IMIF. Mine site visits will take place on the 10th of September 2011.

Oyu Tolgoi is the world's largest undeveloped copper-gold project and is located in the South Gobi region of Mongolia, approximately 550 km south of the capital, Ulaanbaatar, and 80 km north of the Mongolia-China border. Discoveries at Oyu Tolgoi during the past nine years, independently verified estimates indicate that Oyu Tolgoi contains approximately 81 billion pounds of copper and 46 million ounces of gold in measured, indicated and inferred resources.

The Ovoot Tolgoi mine is in the southwest corner of the Omnigovi Aimag (South Gobi province), 320km southwest of the provincial capital of Dalanzadgad and 950km south of the national capital, Ulaanbaatar. Current in-place coal resources, in accordance with National Instrument 43-101, are about 150Mt of measured and indicated resources, and an additional 29Mt of inferred resources.

The organizers are also hosting other post conference events such as a fishing trip and a cultural tour on the 10th of September.

Delegates who are interested in attending post conference events can register now by contacting Prime Info LLC at: [info@discovermongoliaforum.com](mailto:info@discovermongoliaforum.com); [dolores@discovermongoliaforum.com](mailto:dolores@discovermongoliaforum.com); or by telephone +976-7014-9762
